

## Discussing Your Work As A Photographer

In **full sentences** write a paragraph of 3-6 sentences **for each** criteria listed below. You need to fully explain and discuss each of the seven criteria. Your discussion should all be based on ONE photography piece you have completed. You get to choose which one you want to write about.

Tip: To help expand your responses, make sure you explain the terms you use in your answer and apply the term specifically and directly to your image.

**\*\*YOUR WORK MUST BE TYPED AND PRINTED OUT.**

1. Explain what the goal was for this assignment and how your photo successfully met this goal.
2. Identify in your photograph two composition techniques that you used to create this image. Explain how, where or why you used them.
3. Identify in your photograph two elements of art that you use well. Explain where and how you used them in your image.
4. Identify in your photograph one principle of art that you applied. Explain how or why it was used in your image.
5. How did you adjust exposure (camera settings), lighting or otherwise plan this shot *in camera*?
6. How did you process this image *in Photoshop* to create the final piece?  
Why did you feel the need to make the adjustments that you did or in the way that you did?
7. What did you learn in the process of completing the assignment?
